Final Certification Report, Cell 2I
Cell 2I, Permit to Operate
Charlotte Motor Speedway Landfill V
Permit No. 13-04
Cabarrus County, DIN 13551

Dear Mr. Murray:

Attached is the additional information requested in a Solid Waste Section review letter dated April 7, 2011 for the approval of the Final Certification Report for Cell 2I construction submitted by ACC of North Carolina, PLLC. The additional information requested in your review letter included the following:

1. The leachate collection risers, clean-outs, vaults and accessories need to be located on the as-built survey (Sheet 5).
2. All financial responsibility requirements must be met including 130A-295.2(h), (the owner or operator of a sanitary landfill shall establish financial assurance sufficient to cover a minimum of three million dollars (\$3,000,000) in costs for potential assessment and corrective action at the facility) before a permit may be issued.

Items included with this letter to address your additional requested information include:

1. A revised as-built drawing dated April 13, 2011 prepared by Lawrence Associates for the Cell 2I Leachate Collection System (sheet 5) that includes the constructed leachate collection risers, clean-outs, vaults and accessories.
2. A bond in the amount of three million dollars (\$3,000,000) to cover costs for potential assessment and corrective action at the facility.
